1 L for 6 to 7 Sqm approximatively

Ready to use

5 Liters

Around 35 SQM

210 Liters

Around 1470 SQM

20 Liters

Around 140 SQM

1000 Liters

Around 7000 SQM

For which types of application?

AV-CLEAN optimizes the efficiency of solar panels by eliminating all natural soils such as: bird droppings, dusts, lichens, mosses, leaves and industrial pollution ...

Properties

Fast action and optimal result without rinsing.
Exclusive formula to limit traces, thanks to its water-repellent properties.
Do not attack the materials.

Brackets

Photovoltaic and thermal solar panels.

IMPORTANT NOTICE:

The statements here are made in good faith based on tests and observations we believe to be reliable. However, the completeness and accuracy of the information is not guaranteed. Before using, the end-user should conduct whatever evaluations are necessary to determine that the product is suitable for the intended use.

Alliaverre expressly disclaims any implied warranties and conditions of merchantability and fitness for a particular purpose. Alliaverre only obligation shall be to replace such quantity of the product proven to be defective. Except for the replacement remedy, Alliaverre shall not be liable for any loss, injury, or direct, indirect, or consequential damages resulting from product's use, regardless of the legal theory asserted.
